

# **SPECIALTY STAINLESS STEEL PRODUCTS USE & CARE**

## **CONGRATULATIONS...**

**Thank you for your purchase.**

**Your Rena Ware product is manufactured from the highest quality materials and will give you years of dependable service when cared for properly.**

**Rena Ware**  
INTERNATIONAL

# CARE INSTRUCTIONS

- Before using for the first time, wash in a sink filled with hot soapy water and 120 ml (1/2 cup) white vinegar to remove manufacturing oils and polishing residues. Rinse thoroughly with clean hot water, and towel dry with a soft cloth.
- Clean after each use by washing in hot soapy water. To prevent spotting, rinse thoroughly, then dry with a soft cloth. Also, the product is dish washer safe using the heat-dry cycle.
- Avoid prolonged exposure to harsh detergents, acidic foods, strong bleaches, and salt which may result in pitting or corrosion.
- To prevent scratches, avoid direct contact with other metal objects.

**5 year limited warranty. See actual printed warranty for details.**

**NOTE: Pitting will not in any way affect the performance of the product, nor is it a defect in the materials or workmanship.**

**CAUTION: Never place item in a microwave oven.**
